- Promotes Skeletal Health
- Supports Normal Muscle Use and Performance
- Promotes a Healthy Heart / Promotes cardiovascular health
- Promotes Healthy Glucose Levels
- Promotes Healthy Thyroid Functions
- Promotes Normal Functioning of the Immune System

What makes nutraMetrix Isotonix Multi-Mineral Unique?

The two most important factors when searching for nutritional supplements are absorption and potency. The Isotonix® delivery system assures the most unique way for your body to absorb the daily vitamins and minerals that it needs. This delivery system allows the vitamins and minerals to be rapidly absorbed into your body. Isotonix food supplements, when mixed with water, have the same pH and osmotic pressure as the body's fluids, such as tears, plasma or blood. When an isotonic substance enters the body, it is rapidly absorbed into the bloodstream. This is the epitome of superior delivery.

nutraMetrix Isotonix® Advanced Multi-Mineral Formula provides essential and trace minerals that support enzymatic and cellular functions in all tissues. Many health professionals agree that proper amounts of minerals are necessary for optimum health. nutraMetrix Isotonix Multi-Mineral Formula provides 14 essential minerals that support a normal metabolic process, promote the normal regulation of water and electrolyte balance, help maintain a sound skeleton, and support the normal regulation of functions of muscles and nerves and regulation of hormonal activities. Minerals are necessary for the utilization of vitamins. *
